\$1.1 Billion in Dedicated Funding for Water and Wastewater Projects

On September 14, the Government of Ontario announced that it had reached an agreement with the federal government on the Clean Water and Wastewater Fund that will make available more than \$1.1 billion in combined funding, dedicated to water and wastewater infrastructure projects. As part of this agreement, the federal government will invest \$570 million, while the province and municipalities will each invest approximately \$270 million. Similar to the Economic Stimulus investments in 2009-10, all of this funding must be spent by the end of 2018. The provincial investment portion is new, previously unallocated money that is in addition to the already existing Ontario Community Infrastructure Fund which funds municipal sewer, watermain, road, and bridge projects.

As part of this announcement, the province identified 41 projects that will receive funding under the Clean Water and Wastewater Fund. The list includes a number of projects in Toronto, Barrie, Brampton, Sudbury, Guelph, and Waterloo amongst other areas. This list of already approved projects has been included below for reference. Additional projects in other municipalities will be identified following the formal intake process, which was launched on Wednesday.

The Clean Water and Wastewater Fund is part of Phase 1 of the federal Liberal 10-year infrastructure investment plan. Phase 2 is presently being planned and developed, and is very likely to include further funding to water and wastewater infrastructure. OSWCA is working with the federal and provincial Ministries of Infrastructure to discuss the roll-out of this funding program and what criteria will be attached in order to qualify projects for funding.

Location	Project Name	Federal Funding	Provincial Funding	Anticipated Start Date
City of Barrie	Hotchkiss Creek Expansion- Essa, Anne to Gowan	\$2,200,000	\$1,100,000	January 1, 2017
City of Barrie	Memorial Square Redevelopment – flood prevention	\$175,000	\$87,500	January 2, 2017

Location	Project Name	Federal Funding	Provincial Funding	Anticipated Start Date
City of Barrie	Sanitary Servicing – Royal Oak, Bay, Cottage (Federal Funding Name: Sanitary Servicing to Reduce Phosphorus to Lake Simcoe- Royal Oak, Bay, Cottage)	\$5,950,000	\$2,975,000	January 1, 2017
City of Barrie	Stormwater Management Pond Retrofit – Hotchkiss Creek at Bryne Drive	\$226,500	\$113,250	January 1, 2017
City of Barrie	Water, Wastewater and Stormwater Master Plans and Needs Studies	\$900,000	\$450,000	September 30, 2016
City of Brampton	Environmental Assessment Strategic Plan and Sustainability Framework for the Downtown Etobicoke Creek Revitalization Project	\$175,000	\$87,500	January 30, 2017
City of Brampton	Etobicoke Creek Valley Landfill Assessment	\$150,000	\$75,000	January 30, 2017
City of Brampton	Storm Sewer Network Assessment	\$625,000	\$312,500	January 30, 2017
City of Brampton	Central Area Storm Sewer Modelling	\$600,000	\$300,000	January 30, 2017
City of Brampton	Upper 9 Stormwater Management Pond Retrofit	\$325,000	\$162,500	April 1, 2017
City of Brampton	Stormwater Management Pond Retrofits	\$1,000,000	\$500,000	April 1, 2017
City of Brampton	Stormwater Management Pond Sediment Removal	\$800,000	\$400,000	January 30, 2017
City of Brampton	Modulation of Thermal Effects in Stormwater Management Pond Discharge	\$196,192	\$98,096	January 30, 2017
City of Brampton	Integrated Stormwater Management for Erosion Control	\$1,000,000	\$500,000	January 30, 2017
City of Brampton	Fletcher’s Creek Roadway Stormwater Conveyance Control	\$500,000	\$250,000	January 30, 2017
City of Greater Sudbury	1st Avenue – upgrade to main water line in Coniston	\$1,935,000	\$967,500	November 1, 2016

Location	Project Name	Federal Funding	Provincial Funding	Anticipated Start Date
City of Greater Sudbury	Spruce Street – upgrade of water main water line	\$2,128,500	\$1,064,250	November 1, 2016
City of Greater Sudbury	York Street – Regent Street to Paris Street – Water Main Lining	\$250,000	\$125,000	May 1, 2017
City of Greater Sudbury	Strathmere Court – Robinson Drive East to Robinson Drive West – Water Main Lining	\$125,000	\$62,500	May 1, 2017
City of Greater Sudbury	Mikkola Road – Culvert Replacement at Kantola Road	\$80,000	\$40,000	May 1, 2017
City of Greater Sudbury	Westmount Avenue – Culvert Replacement – Greenvale Court	\$255,000	\$127,500	May 1, 2017
City of Greater Sudbury	Yorkshire Drive – Culvert Replacement near Sewer Plant	\$125,000	\$62,500	May 1, 2017
City of Greater Sudbury	Manninen Road – Culvert Replacement	\$90,000	\$45,000	May 1, 2017
City of Greater Sudbury	Edward Avenue – Culvert Replacement	\$90,000	\$45,000	May 1, 2017
City of Greater Sudbury	Seguin Street – Culvert Replacement	\$120,000	\$60,000	May 1, 2017
City of Greater Sudbury	Nickel Basin Road – McKenzie Creek Culvert Replacement	\$250,000	\$125,000	May 1, 2017
City of Greater Sudbury	MR55 – Culvert Replacement	\$315,000	\$157,500	May 1, 2017
City of Greater Sudbury	Tilton Lake Road – Culvert Replacement	\$165,000	\$82,500	May 1, 2017
City of Greater Sudbury	Strathmere Court – Robinson Drive East to Robinson Drive West – Sewer Main Lining	\$50,000	\$25,000	May 1, 2017
City of Greater Sudbury	York Street – Regent Street to Paris Street – Sewer Main Lining	\$55,000	\$27,500	May 1, 2017
City of Greater Sudbury	Stormwater Asset Management Plan	\$200,000	\$100,000	January 15, 2017

Location	Project Name	Federal Funding	Provincial Funding	Anticipated Start Date
City of Greater Sudbury	David Street – Storm Water Outlet Treatment Station – Design & Construction	\$800,000	\$400,000	October 15, 2016
City of Guelph	Metcalfe Street Reconstruction – Phase 1	\$1,797,890	\$898,945	October 1, 2016
City of Guelph	Snow Disposal Facility Upgrade	\$2,500,000	\$1,250,000	October 1, 2016
City of Guelph	Stormwater Management and Pond Maintenance	\$750,000	\$375,000	January 1, 2017
City of Toronto	Essroc Quay Lake Filling and Naturalization – Port Lands Flood Protection	\$32,500,000	\$16,250,000	October 1, 2016
Municipality of Wawa	Membrane Filters at Water Treatment Plant	\$60,262	\$30,131	January 1, 2017
Regional Municipality of Waterloo	Hespeler Wastewater Treatment Plant Upgrades	\$2,000,000	\$1,000,000	July 1, 2016
Regional Municipality of Waterloo	Preston Wastewater Treatment Plant Upgrades	\$1,500,000	\$750,000	June 1, 2016
Regional Municipality of Waterloo	Foxboro Wastewater Treatment Plant Upgrades	\$1,500,000	\$750,000	April 1, 2017
Regional Municipality of Waterloo	Mannheim Reservoirs Inlet Piping Upgrades	\$2,115,979	\$1,057,990	July 1, 2016

If you have any questions about the Clean Water and Wastewater Fund, or Phase 2 of the federal infrastructure plan, please contact Patrick McManus (patrick.mcmanus@oswca.org or 905-629-7766 ext. 222).
